SPACE 1098

The nomadic lifestyle manifests itself in the **New Bohemian** collection. Inspired by the resurgence of the modern gypsy lifestyle, vice president of design Todd van der Kruik sought to capture the wanderer's spirit in carpet. Woven from solution-dyed type 6.6 nylon and available in either broadloom or tile, the freeform patterns bear names such as Troubadour, Wanderlust, and Vagabond. Embrace a little abandon in the abstract patchwork.
