PRESS RELEASE

“When Bentley introduced our Fast Track program last year, we wanted to offer more than a limited number of standard styles and colors with expedited delivery,” said Sherry Dreger, vice president of marketing for Bentley. “With Bentley, everything in the book is available to you; 1500 yards or less, 10 days or less. We’ve changed the conversation around efficiency without compromising style or quality.”

Tufted textured loop modular (18” x 36” and 24” x 24”) and broadloom, High Score and Multiplay pair bold-scale pattern with random, overall textured pattern. Offered in a dynamic palette of 13 standard colorways, the complex integration of color introduces a metallic element – a bonus for interiors looking for bold style with a touch of bling.

Bentley debuted its Fast Track program in 2014 with Arcade Legend. Within months, the product shot to the top of the company’s best-seller list – and still tops its leader board today. By the end of 2015, Fast Track will offer seven product collections.

All of Bentley’s products are Cradle to Cradle Certified™, NSF® 140 certified and CRI Green Label Plus certified, and produced in a LEED® EBOM certified manufacturing facility.
