

# BENTLEY®

## BENTLEY STAYS TRUE TO ITS DESIGN LEGACY WITH MANIFESTO™

*New Style Brings Fashion to the Floor with Flexible, Textured and High-Styled Design*

**LOS ANGELES (February 5, 2016)** – Everyone stands for something. Some shout it from the rooftops, but with [Bentley's Manifesto™](#), you can hear it loud and clear from the floor. The latest carpet style from California's largest commercial carpet manufacturer reignites the company's core design principles and strengthens its mission to bring fashion to the floor.

Visually stylized, Manifesto is another proclamation of Bentley's classic yet sophisticated design heritage. Part of the company's growing Curio Collection, Manifesto features a luxe texture reminiscent of couture textiles – ideally suited for law firms, boardrooms and beautiful spaces. Its tone-on-tone composition and hint of shimmer adds timeless dimension with a fresh, modern edge.

# PRESS RELEASE

Manifesto is created with Bentley's **COLORCAST™** technology, providing a mix of lustrous colors to catapult a dimensional elegance into any architectural space. Matching color from any source – including paint chips and fabric swatches – COLORCAST empowers designers to embrace endless possibilities. From subtle neutrals to vibrant, saturated hues, the only limit to color is your imagination.

Stay true to your interior design vision; coordinate Manifesto with an array of neutrals or let it stand boldly on its own. Its sheared surface is constructed of Antron® Legacy™ Type 6,6 Nylon and is available in both broadloom and tile.

Manifesto is Cradle to Cradle Certified™, NSF® 140 certified and CRI Green Label Plus certified, and produced in a LEED®-EBOM Gold-certified manufacturing facility.
