Traversing the undulating hills and the rambling roads that illustrate the topography of the continental United States while packed into the family station wagon is synonymous with classic Americana. Road-trip sing-a-longs, punch buggies, and snack packs abound as “I spy with my little eye” rings off wind-blown windows at the first sight of whimsical, larger-than-life sculptures that dot the interstates of the Heartland. Paul Bunyan and Babe, the world’s largest frying pan, and even cars aligned like Stonehenge decorate the country, adding flair and delight for all passersby. Roadside Attractions™ captures 18 of America’s most popular roadside highlights, channeling their fun folly into tufted, tip-sheared design.

Patterned carpet may require special attention by the installer to assure a suitable match, and must be addressed in the original labor quotation. Repositioning of carpet tiles may be necessary to ensure light or dark lines do not align at the seams. Products that go through the shearing process may result in a small loss of yarn weight. Slight variations in color among different production lots are normal and should be considered in the overall installation plan. Carpet specifications and components are subject to normal manufacturing tolerances and may change without notice. Product warranted in accordance with the terms and conditions of Bentley’s standard printed warranty in effect at time product is sold. All other warranties, including without limitation any implied warranties of merchantability or fitness for a particular purpose, are hereby disclaimed. Made in USA.
