You asked us not only for the best products out there, but to be your eyes and ears for the newest of the new. Every month, turn to our This Month's Releases Sources to see all the brand new products hitting the market.

1. Designed by **Pablo Designs** in collaboration with Italian designer Carmine Deganello over the course of 3 years, the UMA Sound Lantern is made of a durable impact-resistant polycarbonate shade blended with steel speaker grills, and controlled through an intuitive interface or via any mobile device with Bluetooth connection.

2. Built to coordinate with **Bentley's** already extensive portfolio, their newest release, Shapeshifter, aims to provide designers with ultimate design flexibility. Available in broadloom and two tile sizes in neutral colors, Shapeshifter can be used as a random pattern of dual color, or tone-on-tone.

3. It may be winter, but **Link Outdoor** is looking to sunnier skies with their stunning Sun Lounger seating. The simple, slender form of the solid stainless steel frame and channeled seat is easily folded away when not in use, and available in several frame finishes and in any of Link's 500 100% solution-dyed acrylic fabric choices.
