WORK HARD, PLAY HARD

*Bentley's Dog Eared™ and Dust Jacket™ Complete The Drawing Room Collection,
Bring Edge and Energy to Office Environments*

Dust Jacket

LOS ANGELES (March 2019) — The nose-to-the-grindstone, get-in-and-get-out mentality (and design) of traditional office environments is long gone. Results still matter, but how we achieve them continues to change. The latest additions to The Drawing Room Collection by [Bentley](#), Dog Eared™ and Dust Jacket™ answer the call from today's generations for modern spaces that “do it all” – fusing productivity with creativity, office with home, work with play.

With mid- to large-scale geometrics that subtly fold color into neutral backgrounds, Dog Eared and Dust Jacket take an edgier, more energetic tone than their collection counterparts Chronicle™ and Redacted™. But all four styles share the same dynamic colorways. The palette of 13 classic yet chic neutrals spans warm to cool.

Dog Eared

The styles are offered in 9-inch by 36-inch, 18-inch by 36-inch and 24-inch by 24-inch NexStep® Cushion Tile, AFIRMA II™ Hardback Tile and AFFIX™ Hardback Tile, Bentley's adhesive-free hook and loop system for modular carpet tile. They are also all available in High PerformancePC Broadloom for spaces that require an uninterrupted design statement for the floor.

All products in The Drawing Room Collection are Cradle to Cradle Certified™, NSF® 140 certified, CRI Green Label Plus certified and produced in a LEED®-EB:OM Gold-certified manufacturing facility. Along with Environmental Product Declarations (EPDs) and Health Product Declarations (HPDs), Dog Eared and Dust Jacket also contain Declare® labels and have achieved LBC Compliant status through the Living Building Challenge.
