

An aerial, top-down view of a road network, likely a highway interchange or a complex road layout, showing a prominent diamond-shaped pattern of roads. The roads are light-colored against a darker background, and the perspective is from directly above, looking down at the intersection.

## Shapeshifter II

Change of heart. Change of mind. If you could have any superpower, what would it be? From ancient mythology to superhero movies, the ability to change forms carries with it both the power to hide in plain sight or to be the champion. Both can be extraordinary.

Shapeshifter II taps into all that possibility, with the ability to play either end—the quiet constant or the center of attention. Sixteen colors explore neutrals from subtle and nuanced to bold and dynamic. With a shimmery use of light and shadow, each colorway is a magical mix of changeable shades and texture. Which form will you take? The choice is yours, but remember, with great power comes great responsibility.

**RECOMMENDED BROADLOOM INSTALLATION METHOD**

Shapeshifter II in broadloom requires the cross seams to be cut utilizing a serpentine type method. The cross seams (end seams) require a serpentine double-cut seam in an effort to reduce possible visual discrepancies with the face yarn.

PLEASE NOTE: Shapeshifter II in broadloom will still require and adhere to the Bentley-approved Broadloom Carpet Basics Installation Guidelines guide with the above exception.

Serpentine Cut Cross Seams Installation Instructions:

1. Recommended Seam Cutting Tool: National Carpet Equipment #575 Commercial Seam Cutter or equivalent.
2. Overlap end seams 2 inches to allow sufficient materials to be cut.
3. With firm and continuous pressure, cut both breadths of material in a slight wave pattern resulting in an 18-24 inch wave repeat. The blade should be sharp and lightly touch the subfloor.
4. Remove both top and bottom strips of carpet and properly edge seal and seam seal with appropriate seam sealer.

CE Mark excludes AFFIX™ Hardback Tile.

**Fast Track** is Bentley's quick-ship program. This program is designed for maximum flexibility and expedited delivery to the client. Shapeshifter II is available in 16 colorways in 18 in x 36 in and 24 in x 24 in AFIRMA II™ Hardback Tile, NexStep® Cushion Tile, EliteFlex™ 6 ft Cushion, and High PerformancePC Broadloom. Orders of 1500 square yards or less will be ready to ship within 10 business days of order. For orders exceeding 1500 square yards, please contact our Customer Care Concierge for availability.

**9 in x 36 in Tile option and AFFIX™ Hardback Tile backing are excluded from the Fast Track program.**
