

Healthbond™ 3000

SOLVENT FREE SEAM SEALER FOR ALL BENTLEY CARPETS

Healthbond 3000 may contribute to LEED project certification for low emitting materials.

Bentley Healthbond™ 3000 Solvent Free Seam Sealer is a high strength carpet seam adhesive designed for joining carpets to eliminate seam unraveling on all Bentley Broadloom carpets. Healthbond 3000 dries clear. Healthbond 3000 is a water based, solvent free, non-flammable and low odor adhesive that meets all Federal, State, and local government and SCAQMD indoor air quality regulations.

Use With:

Healthbond 3000 is approved to be used with all Bentley carpets.

Application Instructions:

1. Prepare the Bentley carpet according to the Manufacturer's instructions.
2. Apply continuous 1/8" bead of seam sealer to the edge of the backing of the first piece of carpet where it meets the carpet pile.
3. Immediately place the edge of the second piece of carpet into contact with the first piece which has the seam sealer on it. To achieve a good bond, it is essential for the two pieces of carpet to have a tight fit, and traffic on the seamed area should be restricted for at least 24 hours.
4. Clean up: When wet use warm soapy water. When dry use the Bentley approved adhesive remover/stripper.

Storage & Shelf Life:

One year from date of manufacture in unopened, properly stored container at 60°F - 90°F (15°C - 32°C). Freeze thaw stable to 10°F (-12°C). While this adhesive is freeze thaw stable it is still necessary to protect from freezing. Multiple freeze thaw cycles and/or temperatures below 10°F (-12°C) may damage the adhesive.

Caution:

DO NOT take internally. If swallowed, DO NOT induce vomiting. Call a physician immediately.

PRECAUCIÓN: NO ingiera. En caso de ingestión, NO induzca el vómito. Llame a un médico inmediatamente.
