Prompt

What moves you into action? A thought starter? A little encouragement? A blinking light?

When you're searching for the right hard surface flooring that will perform under tough traffic conditions with a look that feels elevated and inspired, **Prompt™** will move you.

Prompt is a small scale texture that aggregates a few values of a single hue in each colorway creating a low-key pattern that appears clean and consistent over time.

Offered in ten colors that range from nearly white to bold red, **Prompt** includes five perfect shades of neutral and five pure primary colors. Combine these selectively to create highlights in the floor or isolate one and layer it with other finishes for a monochromatic space.

Prompt is finished with **BentleyKo+e²**, our proprietary, multifaceted performance coating. **BentleyKo+e²** is designed for enhanced slip resistance and extreme scratch resistance in even the most challenging installations.

Prompt moves the LVT category into a high performing and vibrant space. Let's go!
